They are a licensed, qualified expert who supplies specific information on history, art, architecture and culture of the city/village/attraction in which he or she is guiding the tour. The guide meets the group at the required place and leaves the group at the end of the tour, they do not travel with the group.

Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides in each stop. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and if caught doing so, can be fined.
