OTHER IMPORTANT INFORMATION

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on history, art,

architecture and culture of the city/village/attraction in which he or she is guiding the tour. The guide meets the group at the required place and leaves the group at the end of the tour, they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides in each stop. A tour leader may provide general guidance around a city or village, and offer information on the place visited on the bus, however they are not required to have specific knowledge on art, architecture, or history. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when particularly required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

Portugal is classified as a warm temperate forest climate, with wet winters, dry summers and the warmest month above 22°C on average. The best time to visit Portugal is spring (March to June) when dazzling flowers carpet hillsides and the almond blossom lights up the countryside – or early autumn, (September to November) when the weather is warm but not too hot and the summer crowds have thinned out.

In Spain, August is the hottest month with an average temperature of 24°C with the most daily sunshine hours. Spain enjoys a warm Spring and Autumn.

Morocco's climate is moderate and subtropical, cooled by breezes off the Atlantic and Mediterranean. In the interior the temperatures are more extreme, winters can be fairly cold and the summers very hot. The country is at its most beautiful in spring when the landscape is green and lush, making for spectacular mountain hiking. Morocco is also lovely in Autumn (September to November) and Spring (March to June) when temperatures are very pleasant.
