OTHER IMPORTANT INFORMATION

TOUR GUIDE VS. TOUR LEADER

Tour Guide:

Often locals with intimate knowledge of

IMPORTANT INFORMATION

an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on history, art, architecture and culture of the city/village/attraction in which he or she is guiding the tour. The guide meets the group at the required place and leaves the group at the end of the tour, they do not travel with the group.

Tour Leader:

An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides in each stop. A tour leader may provide general guidance around a city or village, and offer information on the place visited on the bus, however they are not required to have specific knowledge on art, architecture, or history. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when particularly required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

Melbourne:

In Melbourne, a city of southern Australia and the capital of the state of Victoria, the climate is subtropical oceanic, with mild winters and pleasantly warm summers.

- Although it has a mild climate, Melbourne is subject to temperature swings because it can be reached both by cold air masses from the sea surrounding

Antarctica and by hot and dry air masses from the Australian desert. In addition, the city is located enough to the south to be affected by the flow of westerly winds, which bring low pressure systems for several months a year. As a result, the weather is often variable, so much so that it is said that the four seasons can be experienced on the same day.

- The wind is quite frequent too, since the westerlies regularly blow for most of the year, while in summer, when the weather is sunny, the sea breeze blows in the afternoon. Not coincidentally, around Melbourne, there are several beaches frequented by surfers.

COACH TOUR

Meals:

4 meals are included in the tour, for all other meals; lunches and dinners the tour leader (when available) will offer assistance with reservations, suggestions and directions to local restaurants. It is your responsibility to notify TripADeal of any dietary requests/requirements. Please note; we will do our best to meet your requests/requirements, however cannot guarantee that we will always be able to.

Luggage:

You will be responsible for all your personal belongings whilst on the tour. With regards to luggage, you must carry your own luggage from the coach to the hotel room and back to the coach. The driver will assist with the uploading and off-loading of the luggage from the coach.
