Often locals with intimate knowledge of an area, its culture, and history. Their role entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on history, art, architecture and culture of the city/village/attraction in which he or she is guiding the tour. The guide meets the group at the required place and leaves the group at the end of the tour, they do not travel with the group.

Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides in each stop. A tour leader may provide general guidance around a city or village, and offer information on the place visited on the bus, however they are not required to have specific knowledge on art, architecture, or history. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and if caught doing so, can be fined.

CLIMATE & AVERAGE TEMPERATURES

Sri Lanka:

Sri Lanka is a year round destination with two monsoon seasons so there is a lot of confusion around when is the best time to visit. The weather doesn't run like clockwork here! However, there will rarely be weather so dramatic that it will stand in the way of a brilliant holiday with plenty of warm weather and sunshine. The temperature is constant at around 27°C on the coast, both the air and the water!

Maldives:

March is the hottest month in Maldives with an average temperature of 29°C and the coldest is January at 27°C with the most daily sunshine hours in February. The best month to swim in the sea is in April when the average sea temperature is 30°C, however water temperatures are still around an average 29°C during June and July.
