Day 3 Hobart - Port Arthur - Orford - approx. 200km day

After breakfast, we will depart Hobart and head south east to the Tasman Peninsula, home to the famed Port Arthur historic site, as well as a host of natural wonders. Port Arthur Historic Site is a special place of vivid history, cultural heritage

and stories so compelling, you'll want to hear them again and again. It's a place of global significance – one of the 11 places that make up the UNESCO World Heritage-listed Australian Convict Sites. And it's one of Australia's favourite tourist destinations. Enjoy an easy walk around the grounds on a guided tour, followed by a 30 minute cruise out on the harbour. We will then have lunch in a café (at own expense) and then visit some of the stunning coastal sites, including Eaglehawk Neck, The Tasman Arch & the Devil's Kitchen. Once we have had our fill of the Tasman, it is just over an hour's ride to the accommodation for the night in the lovely town of Orford.

Day 4 Orford - Wineglass Bay - Devils Corner Winery - Bicheno - St Helens - approx. 200km day

From one famous Tasmanian national park to another! After breakfast, continue up the coast, to Freycinet National Park and it's jewel, Wineglass bay. The 2hr return walk up to the look out is well worth the effort. There is a reason Wineglass bay is on just about every Tasmania postcard. After our visit to Freycinet National Park, we will drive the short distance to the world famous Devil's Corner Winery for a spot of lunch (own expense) and some tastings (included). THE ITINERARY

Day 5 St Helens - Bay of Fires - Sheffield - approx. 230km day

The highlights keep coming today with a morning visit to the Bay of Fires. Enjoy a stroll around the aptly named Gardens at Binalong Bay, checking out some of the most spectacular coastal scenery in Australia. Deep red rocks and aquamarine waters, this is a stunning place which we can leisurely explore for a few hours. In the afternoon, it is a few hours drive through to Sheffield.

In the 1980s Sheffield was a typical small Tasmanian country town in the doldrums of rural decline. But then some astute townsfolk came up with an idea that had been applied to the small town of Chemainus in Canada, with some surprising and wonderful results. The plan was to paint large murals on walls around town, depicting scenes from the district's pioneer days. Sheffield is now a veritable outdoor art gallery, with more than 80 large-scale murals, a number that grows each year through the town's annual mural-painting festival.

Overnight: Sheffield Motor Inn, Sheffield

Meals included: Breakfast

Day 6 Cradle Mountain National Park - approx. 100km day

Today, we will pack ourselves some lunch, and then head off for a full day exploring one of the most impressive National Parks in Australia. About 1 hours drive from Sheffield, with its jagged peaks, lush greenery and abundant wildlife, Cradle Mountain has attracted tourists for all of Tasmania's history. The walk around Dove lake is flat and easy, and wonderfully combined with some wombat spotting. For those looking to challenge themselves, you might consider conquering Marion's lookout where you will earn yourself one of the most

spectacular photos in all of Australia. After exploring as much of the park as we can, there will be the opportunity to visit Devils@Cradle - A world class wildlife conservation facility, where you can see Tasmanian Devils and the closely related Spotted-tail and Eastern Quolls. These critters are almost impossible to spot in the wild so it is a great opportunity to see them up close. Return to Sheffield in the evening.

Overnight: Sheffield Motor Inn, Sheffield

Meals included: Breakfast;Lunch

Day 7 Tamar Valley Food & Wine Tour - approx. 180km day

The fun is not over! Yesterday was all about nature, and today is all about indulgence. We will make our way to Launceston through the Tamar Valley doing our best to check out as many of the region's famous wineries as we (responsibly) can. If you are a lover of crisp whites and full body reds, then you will love this experience. Roll into Launceston in the afternoon and check in for our final night in Tasmania.

Overnight: Hotel Grand Chancellor, Launceston

Meals included: Breakfast

Day 8 Harvest Launceston Community Farmer Market - Depart Launceston

with friends and neighbours and support the local economy. Harvest Launceston is also often featured on the “must do” list for visitors to the State. The Harvest Launceston Community Farmers’ Market was established to bring the world’s best produce from the producer to the people. In essence, Harvest Launceston creates a sense of place from a barren car park to a hub of social exchange that has become a vital asset to local communities.

They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and if caught doing so, can be fined.

CLIMATE & AVERAGE TEMPERATURES

Hobart:

- The climate of Hobart, the capital of Tasmania, is oceanic, with mild, rainy winters and cool, quite rainy summers. At these latitudes (the island is located between 40 and 43 degrees south latitude), the western currents prevail throughout the year, with a series of disturbances that bring rainfall especially on the west side of the island. The wind blows frequently as well.

- Hobart is located in the southeast, and receives 570 millimeters of rain per year, which is not much, but the rains are well distributed over the seasons (although

summer is the least rainy season), and often occur in the form of frequent drizzle and brief showers. Here is the average precipitation.

- The average temperature in Hobart ranges from 8.5 °C in July to 17.5 °C in January and February. So, summer is cool, but winter is mild, although the wind can exacerbate the sensation of cold. Sometimes, especially in June and July, a cold air mass can reach the island, and in the hills and mountains of the interior, snow and frost can occur. In Hobart, in the coldest nights, the temperature can drop to around freezing (0 °C) or slightly below.

- Tasmania is not completely sheltered from the hot wind that can blow in summer from the Australian deserts, although this wind arrives here more rarely and with less evident effects. However, the temperature can sometimes approach or reach 38/40 °C, although heat waves do not last long, and at night, the temperature becomes almost always acceptable again.
