THE OFFER

Wild, remote, ancient and spectacular. The Kimberley region of Western Australia is what outback dreams are made of. Could 2021 be the year you finally make them a reality? This 11 day bucket list cruise package with Coral Expeditions - Australia's pioneering small ship cruise line - will take you beyond the tourist trail to explore a world where nature, history and culture take centre stage.

Departing from Darwin and Broome, depending on your chosen date, this trip is the ultimate way to experience the rugged beauty of the Kimberley. Cruise amid the jewel-like islands of Buccaneer Archipelago, take a thrilling zodiac ride through the spectacular Horizontal Falls, view a hidden world emerge from the sea as mammoth tides recede from Montgomery Reef, feel dwarfed by the cliffs of King George Falls, and keep an eye out for turtles, whales and sharks as you cruise the York Sound. Delve into the fascinating history of the region, sip sundowners on deserted beaches only accessible by boat, marvel at Indigenous artworks in the ancient rock art galleries of Swift Bay, visit the bird watchers' paradise of the Lacepede Islands - and so much more! This amazing package includes a 10 night cruise aboard the Coral Adventurer or Coral Geographer.

11 DAY EXPLORER PACKAGE | KIMBERLEY EXPEDITION CRUISE

THE ITINERARY

Broome Departures

Day 1 Depart Broome

This afternoon board the Coral Expeditions ship at 4.00pm. Settle into your stateroom and enjoy meeting your fellow travellers before a 5:00pm departure. As dusk falls and the ship cruises northwards towards Cape Leveque, mingle with your newfound friends, the Captain and crew for the Captain's Welcome Drinks.

On board, discover a personalised style of cruising with no need for queues, waiting, or assigned seating. Instead, the relaxed and friendly atmosphere will give you an opportunity to meet fellow travellers and feel right at home. The Australian and New Zealand crew share their passion for our destinations and the explorer's life. Join engine room tours, watch the chefs at work in the open galley, or chat with the Captain or officers on the bridge – they will be delighted to have your company.

The chefs, inspired by destination flavours, prepare cuisine from fresh regional produce. You'll also enjoy Australian wines and artisanal beers and spirits in the relaxed venues. Guests love to mingle over drinks as the sun sets, enjoy daily educational presentations by lecturers, participate in stargazing sessions after dark, or simply find a quiet corner on deck and enjoy the solitude.

The ships are built for environmentally responsible small-ship cruising, with refined navigation and nimble Xplorer tenders to bring you close to remote coastlines, and shore excursions that promote environmental and cultural appreciation. Small group size ensures that your experience is personal, with minimal impact on the communities and environments visited.

Please note: This Kimberley Expedition itinerary is flexible, to take advantage of changing weather and tidal conditions. This itinerary showcases a selection of the key destinations visited.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Dinner

Day 2 Lacepede Islands

The Lacepede Islands are a protected class-A nature reserve and are significant as a seabird nesting rookery for brown boobies and roseate terns. Other species often sighted at the Lacepedes include Australian Pelicans, frigate birds, egrets and gulls. The four low-lying islands are also an important breeding and nesting habitat for green turtles.

If weather and tide conditions are suitable, explore the lagoons by Xplorer and Zodiac tender vessels and enjoy a sightseeing tour of the islands with expert Expedition leaders to witness and learn more about the marine sea birds that call these islands home.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Breakfast;Lunch;Dinner

Day 3 Horizontal Falls & Buccaneer Archipelago

The Horizontal Falls are one of the Kimberley's biggest attractions and are a result of the mammoth 11m tides the Kimberley is renowned for. Naturalist David Attenborough described the Horizontal Falls as 'one of the greatest natural wonders of the world'.

The Horizontal Falls are created as the ocean thunders through a narrow gorge in the McLarty Ranges. Water builds

THE ITINERARY

up on one side and is forcibly pushed through the bottleneck, creating a rushing horizontal waterfall of swiftly flowing seawater. Riding the rapids on the Zodiac inflatable tenders is one of the highlights of the Kimberley expedition cruises.

Talbot Bay is at the heart of the Buccaneer Archipelago, where rocks on the 800 or so islands are estimated at over 2 billion years old. At Cyclone Creek, you will see evidence of massive geological forces in the impressive rock formations and cruise through the Iron Islands, past Koolan Island, before enjoying sunset drinks at Nares Point.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Breakfast;Lunch;Dinner

Day 4 Doubtful Bay & Raft Point

Raft Point guards the entrance to Doubtful Bay, a vast body of sheltered water which harbours significant sites such as the ancient Wandjina rock art galleries, considered some of the finest in the Kimberley, which you will have the opportunity to visit on a guided tour.

Doubtful Bay is the traditional country of the Worrora people who follow the Wandjina, their god, law-maker and creator. Images of Wandjina are found throughout the Kimberley, recording their stories, knowledge and culture in stone.

Other sites we aim to visit in Doubtful Bay on the expedition tender vessels include the mighty Sale River, Steep Island and Ruby Falls at Red Cone Creek.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Breakfast;Lunch;Dinner

Day 5 Montgomery Reef

Montgomery Reef is a biologically diverse area covering over 400sq km and was named by Phillip Parker King. Twice daily, as the sea recedes in mammoth 11m tides, Montgomery Reef emerges from the Indian Ocean in a cascade of rushing water revealing a flat-topped reef pockmarked with rock pools and rivulets.

As the reef appears, get up close in the Xplorer and Zodiac inflatable tenders to witness the spectacle as our Expedition Team share their knowledge on the formation of the reef and the myriad wildlife. Opportunistic birds take advantage of the emerging reef, feeding on marine life left exposed in rock pools. Turtles and dolphins too are also attracted to feeding opportunities as the ocean recedes.

The ocean is awash in a swirl of eddies and whirlpools as the moon's gravitational force takes hold. Then, a few hours later the entire water-borne drama is reversed as the tide comes in and Montgomery Reef disappears below sea level.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Breakfast;Lunch;Dinner

Day 6 Prince Regent River & Careening Bay

King Cascade is a classically beautiful terraced waterfall and is one of the most photographed waterfalls in the Kimberley. Falling from a considerable height and around 50m across, water tumbles down a staggered terrace of Kimberley sandstone. Layer upon layer of the ochre-hued and blackened rock sprouts grasses, mosses and ferns in a sort of lushly vegetated hanging garden.

Reach King Cascade after cruising in the Xplorer tender vessels down the Prince Regent River, a remarkable river,

11 DAY EXPLORER PACKAGE | KIMBERLEY EXPEDITION CRUISE

THE ITINERARY

which runs dead straight along a fault line.

Lt. Phillip Parker King named nearby Careening Bay after he beached his leaking vessel HMC Mermaid to effect repairs. While stranded on this remote coastline for 17 days the ship's carpenter carved HMC Mermaid 1820 into the bottle-shaped trunk of a boab tree near the beach. 200 years later, the Mermaid Boab Tree has since split into two trunks and sports a mammoth girth of 12m. Significantly, the bulbous tree is listed on the National Register of Big Trees and the carpenter's careful inscription now stands almost as tall as a person.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Breakfast;Lunch;Dinner

Day 7 Prince Frederick Harbour & Bigge Island

Prince Frederick Harbour is one of the Kimberley's most spectacular locations at the southern end of York Sound. The harbour is dotted with islands lined with mangroves and monsoon rainforests, set against a backdrop of ochre-hued escarpment.

White-bellied sea eagles and other birds of prey are often seen here, and at low tide, expansive mudflats reveal large populations of mudskippers and mangrove crabs. Take the Xplorer tender vessels on a cruise up Porosus Creek to view some striking rock formations and home to many large crocodiles.

Bigge Island is the second largest island of the Bonaparte Archipelago, irregular in shape and the island has many shallow reef-strewn bays around its heavily indented coastline on all four sides. Indigenous Australian rock art exists on the cliffs and cave walls – painting include examples of the first contact art and Wandjina figures.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Breakfast;Lunch;Dinner

Day 8 Mitchell Falls, Winyalkan & Swift Bay

Tumbling down the Mitchell Plateau in a series of tiered waterfalls and rock pools, the Mitchell Falls are the photogenic poster child for the Mitchell River National Park. Take a scenic heli flight (additional cost - \$610 per person) to view the falls from above, or land at the top of Mitchell Falls, where sandstone terraces make a terrific viewing platform from which to savour the serenity of this ancient landscape.

Mitchell River National Park is a habitat for a significant number of mammals, amphibians, reptiles and bird species, which are lured by the year-round water source. For travellers not wishing to visit Mitchell Falls, an Xplorer cruise will be provided to explore some nearby islands and beaches.

Afterwards visit the sandstone caves of Hathaway's Hideaway. This mass of weathered tunnels, arches and columns form a labyrinth-like maze and was once an Aboriginal midden. Another option while anchored at Winyalkan Bay is a visit to a series Wandjina and Gwion Gwion rock art galleries at Swift Bay.

In the evening, watch the sun set over the Indian Ocean while indulging in a gourmet BBQ.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Breakfast;Lunch;Dinner

Day 9 Vansittart Bay

Vansittart Bay is home to many cultural and historically significant sites like the remarkable Gwion Gwion (Bradshaw)

11 DAY EXPLORER PACKAGE | KIMBERLEY EXPEDITION CRUISE

THE ITINERARY

Aboriginal rock art galleries estimated to be up to 20,000 years old. Jar Island is so-named after the pot shards found here, brought to the island by Macassan fishermen harvesting sea cucumbers (also known as trepang). Here, we will spend time viewing the rock art galleries.

Nearby, on the Anjo Peninsula lays the well-preserved wreckage of a US Airforce C-53 Skytrooper aircraft, the result of a pilot losing his bearings flying from Perth to Broome in 1942 and putting down on a salt pan near present-day Truscott Airbase. A walk across the salt pan brings us to the fuselage of the downed aircraft, nestled among the trees. We will explore the aircraft wreckage and hear the stories of WWII history in the area.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Breakfast;Lunch;Dinner

Day 10 King George River & Falls

Fed by the King George River draining across the Gardner Plateau, 80m tall King George Falls are the most impressive Kimberley waterfalls and the highest twin falls in Western Australia. Before reaching the mist-like spray rising from the base of King George Falls, cruise through a steep-sided gorge caused by a flooded river system that carved a swathe through the Kimberley landscape 400 million years ago.

Early in the waterfall season, we will cruise around the base of the thundering King George Falls and touch the spray from the waterfall, while in later months, when the falls have reduced to a trickle, we take the opportunity to view the honeycomb erosion patterns of sandstone cliffs up close.

As the incredible Kimberley adventure draws to a close, enjoy a last evening aboard with the Captain's farewell drinks amongst new-found friends.

Overnight: 'Coral Adventurer' or 'Coral Geographer' ship

Meals included: Breakfast;Lunch;Dinner

Day 11 Arrive Darwin

Your incredible adventure along the Kimberley Coast concludes in Darwin this morning at 8:30am. Bid farewell to new-found friends and the Captain and crew. Make your own onwards travel arrangements at the conclusion of the cruise.

Post cruise transfers to CBD hotels or the airport are included.

If you're not transferring directly to the airport why not spend the day enjoying the tropical city of Darwin with its landscaped waterfront and harbourside Wave Pool.

Meals included: Breakfast

Darwin Departures

Day 1 Depart Darwin

Board the Coral Expeditions ship at 8.00am. Enjoy time to settle into the cabin and mingle with fellow travellers before a 9:00am departure. Spend a luxuriant sea day at leisure as the ship ventures across Joseph Bonaparte Gulf and sails into Western Australian waters.

Take the time to become acquainted with all the facilities onboard and join the Expedition Team in the Lounge for an

COVID-19 POLICY

Health & Safety Plan

Coral Expeditions takes the safety and wellbeing of passengers very seriously. The team have collaborated with experienced medical advisory agency Respond Global to create an extensive SailSAFE Plan, which includes enhanced onboard sanitisation protocols, a pre-screening process prior to departure, and a government approved Covid response plan. All guests and crew must complete a pre-screening process seven days prior to travel. This includes a questionnaire and visit to your GP, a recommended self-isolation to the extent possible prior to departing, and a PCR Swab test within 72 hours of boarding to be provided to Coral Expeditions medical staff at check in to be cleared for travel. More information can be found here: <https://www.coralexpeditions.com/wp-content/uploads/2020/06/SailSAFE-plan-final-1.pdf>

Please note: All health checks and the PCR Swab test will be at the customers expense

ACCOMMODATION

Accommodation Used

4.5 Star self rated

Coral Expeditions: 'Coral Geographer' or 'Coral Adventurer' (dependent on sailing)

Please note: Accommodation/rooms offered are based on a lead-in room type, and are subject to availability based on seasonality. Properties will be confirmed, no later than two weeks prior to travel.

Maximum Room Capacity

2 People.

Child Policy

No child discounts. Full price applies for all children travelling with their parents.

Please note: Children must be accompanied by a responsible adult 18 years old and over to travel. No unaccompanied minors allowed.

Triple Share

Not Available

Bedding Configuration

2 x Twin or 1 x Junior King (subject to availability).

Please note: Twin share is not available in Bridge Deck Balcony Suite Category

EXCLUSIONS

- Flights / transfers not stated in the itinerary
- Meals/beverages not stated in the itinerary
- Optional activities/tours such as Mitchell Falls helicopter flight
- Personal expenses
- Pre cruise health check and PCR Swab Test
- Travel insurance (Strongly recommended)

IMPORTANT INFORMATION

OTHER IMPORTANT INFORMATION

CORAL EXPEDITIONS - TRAVEL INSURANCE

- Comprehensive Travel Insurance is strongly recommended for all travellers as protection against any unforeseen events that may necessitate the cancellation or interruption of your holiday and should be purchased at the same time as you purchase your cruise.

- Please note and share the following facts when considering insurance coverage and speaking with suppliers:

-- Coral Expeditions do not have Doctors or Nurses onboard their domestic cruises, however, the senior crew are trained and qualified in remote area first aid. If a passenger has injured themselves or is having a medical issue onboard, the crew will make contact with doctors on land to determine whether a medical evacuation is necessary. For this reason, it is advisable that passengers obtain a policy with remote area evacuation and repatriation coverage.

-- The domestic cruises on the Great Barrier Reef, Kimberley, Cape York and Arnhem land and Tasmania do not leave domestic waters, however, our locations are considered remote.

-- Coral Expedition ships are Australian flagged.

-- On selected International cruises there will be a Guest Doctor and a first aid room onboard Coral Adventurer and Coral Geographer. It is important to note that these services are for medical emergencies only and do not offer a clinic service.

-- Travel Insurance is required by each travelling guest and if an urgent medical event or situation occurred that required medical evacuation or offload from the ship, it is mandatory that this is financially covered by insurance or by guest payment at the time.

THE CORAL EXPEDITIONS EXPERIENCE

- Coral Expeditions have built a reputation on offering an authentic and educational expedition cruise experience:

- No organised entertainment on board – instead, they offer a daily program of lectures, briefings and themed documentaries and movies.

- No multiple glitzy restaurants – but the chefs prepare fresh daily, high-quality cuisine using Australian and local ingredients.

- No 'formal' nights or assigned seating – you can dine with whom you please and share the day's stories.

- No room service menus – but crew will be happy to serve you a meal in-room if you would prefer to eat in.

- No minibars – guests love to mingle over drinks on the sundeck or in one of the comfortable lounges.

- No casino – but captains welcome you to the bridge to observe operations and have a chat.

- No butlers and spas – but all staterooms have their own ensuites, some with balconies, large picture windows or portholes, all outward facing. Serviced daily and come with nightly turndown service.

- No extra charge for shore excursions.

- They welcome young and old.

CORAL EXPEDITIONS - ITINERARY

- Coral Expeditions will endeavour to follow the Cruise itinerary as described in the itinerary and the passenger accepts that Coral Expeditions has the right to change the itinerary, the Ship or cancel the Cruise as a result of some Unexpected Event or prevailing inclement weather conditions and the passenger accepts that the passenger will not be entitled to any compensation or a refund of the fare paid should this occur.

CORAL EXPEDITIONS - STAFF/ CREW

- Throughout your cruise, you will delight in the attentive service of the professional Australian and New Zealand residency crew. Carefully selected for their engaging personalities, attention to detail and commitment to delivering the highest standards of service, our staff will ensure you receive a warm welcome aboard.

- On each voyage, Expedition Leaders bring guests the depth of experience required to put together daily programmes given prevailing weather and local conditions. They are complemented by an expert Guest Lecturer, with knowledge of disciplines ranging from anthropology, geology, history and flora and fauna of the region, offering layers of insight relevant to your itinerary and to support the depth of immersion in your travel experience.

- The Kimberley and Cape York, Arnhem Land and Torres Strait expeditions have a renowned Australian team of Expedition Leaders and regular Guest Lecturers who have a specialist understanding of the unique landscapes, flora and fauna and indigenous cultures of the region. Having guided expeditions in the region for over three decades we know the nooks and crannies others don't. The Expedition Team provide local expertise especially on guided nature walks and with bird and wildlife spotting.

CORAL EXPEDITIONS - ALL INCLUSIVE SHORE EXCURSIONS

- A Coral Expeditions cruise is not about just passing through a region and seeing it from the ship's deck. Instead, each day you will travel ashore and fully immerse yourself in the stunning landscapes, fascinating history and vibrant cultures of these remarkable locations.

- On most days you'll have the opportunity to participate in two shore excursions or activities (one in the morning and one in the afternoon), along with onboard briefings and presentations. The vast majority of

IMPORTANT INFORMATION

excursions are included in your cruise price and in key locations, you will have the opportunity to enhance your experience through participation in optional activities (additional cost applicable) such as a helicopter flight over the Kimberley's spectacular Mitchell Falls.

ACCESS TO REMOTE DESTINATIONS

- Access to remote destinations and communities is unique in three special ways:

- Firstly, the shallow draught of the small ships allows them to safely access and anchor in close to bays and landscapes that larger ships cannot reach, allowing a bird-eye view of spectacular beaches, bays and at times, bustling port communities.

- Secondly, the unique Xplorer tenders, comfortably appointed with shading and on-board toilet facilities, enable penetration inland with explorations into shallow rivers and streams, close to waterfalls and other extraordinary landscapes. Inflatable Zodiacs and kayaks enable guests an up-close-and-personal view of reefs, islands and atolls and allow peaceful explorations of sheltered locations.

- Lastly, the experienced Expedition Team, guided by an Expedition Leader and complemented by qualified experts with specific knowledge of local people, cultures and landscapes have the knowledge and connections, enabling unique access to areas often restricted to other travellers.

CORAL EXPEDITIONS - CUISINE AND WINE

- At Coral Expeditions dining is a celebration of great food and good company enjoyed in extraordinary destinations. People and place are key to enjoyable dining experiences, where food becomes the vehicle for conversation and creating memorable occasions. The approach to "small

batch" cuisine is about simplicity and generosity, creating dishes bursting with flavour made from fresh ingredients sourced locally and sustainably wherever possible.

- Coral Expeditions' cuisine has a distinctly Australian accent influenced by the culinary landscape of regions we visit. Wonderful friends and unique locations will always enhance the eating experience, allowing the produce to speak for itself.

- From Australia's Kimberley and Great Barrier Reef regions through to the exotic Spice Islands, New Guinea and islands of the South Pacific, Coral Expeditions foster a community of local providores, farmers and growers. Regional menus champion seasonality, allowing chefs to adapt menus and source local produce at its seasonal best.

Breakfast, Lunch, Dinner

- Start your day with a tempting choice from a fresh continental or a hot breakfast. The fleet of small expedition ships offer a sumptuous hot and cold family share platters complemented by daily made-to-order specialties.

- Family share platters for lunch showcase a selection of hot and cold dishes, from salads and cold cuts to soups, fresh local seafood and seasonal tropical fruits.

- Evenings are a convivial time to dine with new friends and reflect on an exciting day of discovery over dinner. We welcome you onboard with a seafood dinner on the first night. Other evening meals vary between a barbeque, carvery or a three-course table d'hote dinner menu, when selections are offered as you enjoy table service.

- All expeditions feature a memorable pre-dinner event ashore where the crew serve sunset drinks and canapés, often on a beach, and always in a beautiful location with a sunset view. These casual 'sundowners' are hosted by the Captain and are the perfect time to kick off your shoes and enjoy a beer, wine or cocktail

while mingling with fellow guests in a relaxed atmosphere.

- Lunch and dinner are accompanied by a curated beverage list featuring boutique Australian and New Zealand wines and beers.

- Each voyage the Captain hosts a Captains Table for invited guests and ship's Officers will endeavour to host dinner guests on an evening when operational matters allow.

CORAL EXPEDITIONS - HEALTH & SAFETY

Coral Expeditions takes the safety and wellbeing of passengers very seriously. The team have collaborated with experienced medical advisory agency Respond Global to create an extensive SailSAFE Plan, which includes enhanced onboard sanitisation protocols, a pre-screening process prior to departure, and a government approved Covid response plan. All guests and crew must complete a pre-screening process seven days prior to travel. This includes a questionnaire and visit to your GP, a recommended self-isolation to the extent possible prior to departing, and a PCR Swab test within 72 hours of boarding to be provided to Coral Expeditions medical staff at check in to be cleared for travel. More information can be found here:

<https://www.coralexpeditions.com/wp-content/uploads/2020/06/SailSAFE-plan-final-1.pdf>

Please note: All health checks and the PCR test will be at the customers expense

CLIMATE & AVERAGE TEMPERATURES

Darwin

The dry season (May – October)

- The dry season, from May until October, is characterised by warm, dry sunny days and cool nights. Temperatures typically range from 21.6–31.8°C, and humidity levels are much lower: around 60 – 65 per cent.

IMPORTANT INFORMATION

- Relatively cool weather arrives in May, and until July, nights are crisp with temperatures ranging from 17 - 23 °C. It is also the perfect time to explore the more remote areas of the region that can be off-limits during the wet season.

CRUISE

Disembarkation:

- Itineraries are subject to change at any time without notice.

COACH TOUR

Meals:

Most meals are included in the tour, for all other meals; lunches and dinners the tour leader (when available) will offer assistance with reservations, suggestions and directions to local restaurants. It is your responsibility to notify TripADeal of any dietary requests/requirements. Please note; we will do our best to meet your requests/requirements, however cannot guarantee that we will always be able to.

Luggage:

You will be responsible for all your personal belongings whilst on the tour.

OTHER

Fitness Level Required / Mobility:

Our vessels are not equipped with wheelchair access, so unfortunately our tours are currently not suitable for wheelchair users and those less mobile.

Please note: For most activities a relatively low level of exertion is required. You will need to climb into and out of zodiacs and other excursion tenders for excursions ashore: there will be staff and crew members on hand to assist. Ashore, you must be able to walk moderate distances over sometimes rough terrain. Whilst there are lifts on these Coral Expeditions ships, they are expedition vessels and note equipped for guests with major self-mobility issues. The stairways between decks are steep, so a reasonable agility is required. Participants will most

enjoy the remarkable opportunities these expeditions offer if they travel with a spirit of adventure.

Gratuities / Tipping:

Gratuities (tips) are not required for Coral Expeditions cruises.

Sightseeing:

Please note: In the event entrance to a site is affected by changes in operating hours or public holiday closures, your itinerary where possible, will be adjusted or an similar activity will be offered in its place (subject to availability).

INSURANCE

We are proud to offer a range of travel insurance products - please ask your Travel Consultant for more information.

SCHEDULE OF FEES

Voluntary Changes

This includes booking changes requested by you, including but not limited to those changes requiring an airline ticket or a Purchase Confirmation reissue.

- 1st Change - \$100.00 per person + any additional charges applied by the airline/cruise company/accommodation/other travel provider.
- 2nd Change - \$150.00 per person + any additional charges applied by the airline/cruise company/accommodation/other travel provider.
- Subsequent changes - \$250.00 per person + any additional charges applied by the airline/cruise company/accommodation/other travel provider.
- Changes within 30 days of departure \$350.00 person + any additional charges applied by the airline/cruise company/accommodation/other travel provider.
- Changes within 14 days of departure \$500.00 per person + any additional charges applied by the airline/cruise company/accommodation/other travel provider.

Supplier Fees

In the event the Travel Offer you have purchased is unable to proceed, and/or a travel Supplier is unable to fulfil the Travel Offer due to external circumstances (Limitation of Liability e.g. a Force Majeure event), there may be a fee or amount of money that is withheld by our Suppliers and is unrecoverable. This may be due to non-refundable airline tickets, cancellation penalties with cruise cabins or unrecoverable payments with our land/accommodation partners. TripADeal has committed to these costs as your Agent and will endeavour to recover all funds committed and/or paid for your Travel Offer, but this may not be possible in all circumstances. If refunds are not available from Suppliers, we will endeavour to obtain a travel credit on the best terms available and communicate these outcomes to you. In the event, TripADeal is unable to obtain a refund or travel service credit, or part thereof, this cost is passed on to the customer as a Supplier Fee. This fee is not revenue-raising and is paid to or withheld by our suppliers when recovering payments.

Name Changes Due To Passenger Error

- If the incorrect name has been advised to TripADeal, charges of \$150.00 per person + any additional charges applied by the airline/cruise company/accommodation/other travel provider.
