The method of cooking on stones can be traced back to the Ancient Egyptians and our Nordic ancestors, the Vikings! Lava stone cooking offers a unique interactive dining experience, where meat and fish dishes are served cooking at your own table on super-heated natural volcanic stones. The high temperature sears the food faster and locks in the natural juices and nutrients, enhancing the full flavors and tenderness of all foods.

The cooking method uses no added fats or oils and sears the food without burning. It ensures a clean, and completely natural food flavor, not achievable with any conventional cooking methods.

The result is a freshly grilled, healthy and nutritious meal with a sensational taste.

Please note: the Panorama Specialty Restaurant is reserved for suite cabin passengers only, however all guests will be able to enjoy the Specialty Restaurant once during the voyage.

Shore Excursions & Landings

The expedition team will organise a series of Zodiac excursions and shore landing activities to bring you closer in touch with your natural surroundings. Weather permitting, there can be up to 4 excursions per day; two zodiac cruises, and two land excursions.

Zodiac brand has earned a well-deserved reputation as the sturdiest and safest small watercraft available. These boats have a low draft and great stability. Zodiacs are constructed for professional use and are outfitted with a top-quality outboard engine, yet their design minimally impacts the environment.

The Zodiacs are designed to provide unrestricted access to the world's last great frontier. Their versatility enables us to make

landfall on remote shores, cruise along awe-inspiring coastlines and share breathtakingly close encounters with whales, seals, penguins, seabirds and more. We will come within arm's reach of icebergs and set foot on land discovered by pioneering explorers just over a century ago.

Your safety and comfort is the #1 priority, and your expedition leader will carefully plan for as many Zodiac excursions as possible, dependent upon the local weather and prevailing conditions. In each case, the expedition leader makes the final decision if the landing is possible or not. Particular safety regulations apply on landings. All guests receive a mandatory instruction of the safety guidelines. Life jackets are mandatory to wear.

Please note: we highly recommend the use of waterproof bags in order to protect your personal camera or binoculars, as both hands have to be free of everything during boarding. Participation is fairly easy and comfortable for able-bodied guests, but can be more challenging for those with physical handicaps.

Please note: All outings and landings rely on weather, sea and ice conditions being favourable both for the ship to access the areas, as for the zodiacs and kayaks to manoeuvre under adequate conditions, ensuring the safety of all passengers and staff.

Antarctica:

In February temperatures are still warm and stable, making travel pleasant. Average temperatures range from 1°C - 7°C.

February is Antarctica's most active wildlife month. Penguin chicks are learning to swim, and whale sightings become very common. As February is later in the tourists season, the ice sheets have receded allowing the expeditions ships to get closer to the action.

FLIGHTS

Seat Selection & Frequent Flyer Points:

At TripADeal we do not arrange seat selection. It is important to highlight that some Airlines do not allow pre-selected seats. We strongly suggest you contact the Airline directly with seating allocation requirements and or arrive at the airport earlier to arrange your seating. While we do not add frequent flyer member details to bookings, you can do this directly with the Airline once you have your flight information.

Passport Validity:

Customers are required to provide valid

passport details either at the time of purchase, or no later than 45 days prior to departure date. Failure to do so may result in cancellation of the booking. In this instance customers will be responsible for any costs and fees incurred.

CRUISE

Disembarkation:

- Begins approximately 2 hours after docking.

- Due to security reasons, all guests must be on board 2 hours before sailing.

- Itineraries are subject to change at any time without notice.

- Check your specific sailing for exact departure and arrival times. All times are local to the port.

Cruise Loyalty Discounts:

Please note: Travellers booked via TripADeal will not be entitled to receive any cruise line customer loyalty discounts. Similar to airline frequent flyer programs, this is outside of the TripADeal booking process. However, customers may contact the cruise line direct upon receiving their TripADeal travel documents to request any membership benefits they are entitled to.

Yellow Fever:

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also quite common for your home country to request a Yellow Fever certificate on your arrival back home.

It is your responsibility to check with your doctor well in advance of leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Gratuities / Tipping:

Land

Gratuities (tips) are not included in the tour price for services of the tour leader (when available) and driver throughout the tour. The recommended tip is \$5 - \$10 USD per person per day this covers the guide/leader and the driver, which will be collected whilst on tour.

Tipping for all services provided on tour is always a matter of personal discretion, however please be aware that tipping is considered by many locals to be a part of their normal remuneration and they may approach you for payment and there is no need to be intimidated by the request.

Cruise

Gratuities (tips) are not included in the tour price for the services of the cruise staff throughout the cruise component of this tour. Albatros Expeditions is an internationally registered company & operates to US & European standards, both of which have an economy driven by a gratuities culture. Gratuities are expected on your cruise and will be charged to your onboard account at \$13.50 USD per person per day. If you have any questions in regards to the gratuities on your cruise please speak to the guest services staff onboard the ship.

Sightseeing :

Please note: In the event entrance to a site is

affected by changes in operating hours or public holiday closures, your itinerary where possible, will be adjusted or a similar activity will be offered in its place (subject to availability).

Shopping:

Shopping overseas can be a daunting and confusing experience, especially when there is a language barrier. Please be very cautious when foreign currencies and prices are involved. If paying by credit card, please pay close attention to the amount you are being charged and keep all of your receipts.

Do not make any purchases you are not comfortable with or feel pressured into. If you are uncertain or need assistance with the language barrier, please seek assistance from your Tour Guide/Leader.

Please refer to our Terms and Conditions in regards to shopping for further information.

VISAS

A tourist visa is not required if travelling on a New Zealand Passport.

Please note: Passengers who are not New Zealand citizens must check with the respective consulate or visa agency to determine what their visa requirements are and what personal identification is required. It is also important to note, some areas of employment such as journalism, government authorities and charity organisations may have additional restrictions in applying for Visas. This may in turn affect the type of application required.

INSURANCE

We are proud to offer a range of travel insurance products - please ask your Travel Consultant for more information.

Please note: In line with the Polar-cruise industry standard, all passengers are required to have mandatory Emergency Evacuation Insurance when cruising in Polar waters. For Antarctica, we recommend a minimum of USD \$150,000 insurance coverage per guest, though USD \$200,000 per guest is better. Supplier Fees

In the event the Travel Offer you have purchased is unable to proceed, and/or a travel Supplier is unable to fulfil the Travel Offer due to external circumstances (Limitation of Liability e.g. a Force Majeure event), there may be a fee or amount of money that is withheld by our Suppliers and is unrecoverable. This may be due to non-refundable airline tickets, cancellation penalties with cruise cabins or unrecoverable payments with our land/accommodation partners. TripADeal has committed to these costs as your Agent and will endeavour to recover all funds committed and/or paid for your Travel Offer, but this may not be possible in all circumstances. If refunds are not available from Suppliers, we will endeavour to obtain a travel credit on the best terms available and communicate these outcomes to you.
