THE ITINERARY

Day 15 Schollart Channel - Paradise Bay - Gerlache Strait (Antarctica Cruising)

Journey to the far reaches of the world with a Schollart Channel cruise. Experience the spectacular wildlife that inhabits the great white South Pole and breathe in the exhilarating air. With Anvers Island to the southwest and Brabant Island to the northeast, take in the mesmerising sights of massive ice flows, humpback whales, waddling penguins, leopard seals and more in their natural, and somewhat extreme, element. You are certain to leave with amazing memories, and pictures, as you cruise through Schollart Channel located near Antarctica.

Paradise Bay, Antarctica

This name aptly reflects the stunning beauty you'll find here, just as the clear waters beautifully reflect the spectacular mountains, such as Rojas Peak, Bryde Peak, and the Petzvol Glacier. Within these waters we may see Minke whales feeding and Gentoo penguins curiously observing us from the rocky shores.

Gerlache Strait

A number of geographical anomalies around this channel make these waters among the most plankton-rich in the world. You're likely to see a profusion of whales feeding in the rich ecosystem, which is a sight you'll not soon forget.

Meals included: Breakfast;Lunch;Dinner

Day 16 Elephant Island (Antarctica Cruising)

Located in the Southern Ocean near the outer reaches of the South Shetland Islands, Elephant Island has claims from not

only Argentina and Chile, but also the United Kingdom. Brazil also has two shelters here that contain up to six researchers that work during the summer months.

Check out the island's wildlife on your Antarctica cruise. The island is covered with elephant seals, hence the name Elephant Island. At Cape Lookout, a bluff on the southern coast where various penguins (chinstrap, gentoo, and macaroni) call home. Other birds of note include sheathbills, cape petrels, and stormy petrels; it's also a great place to spot the elephant seals and Antarctic fur seals. The truly adventurous can explore the moss colonies, which are thought to be thousands of years old. The moss bank is not terribly far from where the Shackleton party was marooned, and is considered one of the oldest living things in the world. Your cruise to Antarctica will truly be an experience of a lifetime.
